A Journey Under Paris.

A correspondent of the Swedish Journal furnishes an interesting account of a subterranean voyage made through one of the admirably constructed sewers of Paris. The boat which conveyed the party was reached by descending a flight of steps to the depth of about forty-five feet. The boat, a flat bottomed affair, was lighted by four lamps. The sewer is an arch-way fifteen feet high, and of equal breadth, with a ditch or canal about ten feet wide, wherein all the dirt and filth of Paris is carried away. On the sides are sidewalks, which together are about four feet wide. The whole is built of beautiful white sandstone, and is kept remarkably neat and clean. No stench or bad smell was perceptible. The denser portion of the filth is carried away through large drains beneath the sidewalks. The side-walks are excellent, and exhibited no signs of dampness; while the walls of the arch-way are kept white-washed, and are at all times as white as driven snow. The structure possesses the properties of an immense speaking tube, the workmen being able to converse at a distance of two miles from each other. The echo is very strong and lasting. The fabric is said to be very strong and built after a model of the catacombs of Rome, aided by all the latest improvements. On both sides, at about two hundred yards distance from one another, are openings through which the workmen can ascend by means of permanent iron ladders, in case a sudden rain storm should cause the water to rise over the sidewalks, which is, however, of rare occurrence.

The contents of the sewer, of course, flow into the river Seine, and the current is sufficient to carry the boat used along with considerable velocity. Large reservoirs are constructed at intervals, into which the water can be turned for a short time in case it should be necessary to have the canal dry for a little while. The whole work was completed in two years. Besides the main canal, there are many minor ones constructed under the principal streets, all of which can be made to communicate with one another. These admirable underground works are accessible from the Louvre, the Tuileries, and from all the barracks, and should the Parisians take a notion to barricade the streets in any part of the city, the Imperial government might, at short notice, and without any person being aware of it, transport troops, and if there is no time to make use of the reservoirs, so can cavalry also be transported the same way. There is an end to shooting on the soldiers from the windows, and revolution in Paris will soon only be remembered among things that have been, never to occur again. Through these underground passages a prisoner can easily be taken from the Louvre to the Seine, without attracting attention, and thence sent off by railway, which is near at hand. This splendid system of sewerage was one of the pet schemes of the first Napoleon.

MASONIC.—The M. W. Grand Lodge of Free and Accepted Masons for Washington Territory will hold its third annual communication in this city, commencing on Monday, the 3d day of September next. We learn that Dispensations for the formation of two new Lodges have been issued, by order of the Grand Master, during the present week—one located at Port Madison, under the name of "Kane Lodge," and the other at Seattle, under the name of "St. John's Lodge."—*Olympia Pioneer*.

Humboldt states in his Cosmos that Columbus continued firmly persuaded, until the day of his death, that he had touched the Continent of Asia, when he reached Cuba, November, 1492. He proposed to continue his course westward, and to return to Spain, either by water by way of Ceylon, or by land through Jerusalem and Jaffa.

FRIENDSHIP.—Never desert a friend when enemies gather around him; when sickness falls on the heart, when the world is dark and cheerless, is the time to try a friend. They who turn from the scene of distress betray their hypocrisy, and prove that interest only moves them. If you have a friend that loves you and studies your interest and happiness, be sure to sustain him in adversity. Let him feel that his former kindness is appreciated, and that his love is not thrown away. Real fidelity may be rare but it does exist in many hearts. Who has not seen and felt its power? They only, who never truly loved a friend, deny its existence.

OLD MANUSCRIPTS DISCOVERED.—The newly discovered Scottish MS. of the Gospels formerly belonging to the Abbey of Deer, in Buchanan, now in the Public Library, Cambridge, is about to be published under the editorship of Mr. Bradshaw. The manuscript is of the tenth century, and its peculiar value arises from the fact that its margins and blank leaves contain contemporary memoranda, of the state and history of Scotland during the first ages after the introduction of Christianity. Its great philological value is due to the circumstance that there was no extant written Scottish Gaelic older than the sixteenth century, so that he adds at once five or six centuries to the documentary existence of this ancient tongue, carrying it further back even than the Southern or Welsh branch of the same language, which had previously enjoyed a priority in written evidence.

IMPORTS OF BULLION.—The total value of the gold bullion and specie imported into the United Kingdom last year was 22,297,698l., against 22,793,126l. in 1858. The value of the silver bullion imported imported in 1859 was 14,772,458l., against 6,700,064l. in 1858. The total receipts of bullion and specie were consequently 37,070,156l., last year, against 29,493,190l., 1858, showing an increase of rather more than 25 per cent. Australia sent us gold to the amount of 8,624,566l., last year, as compared with 9,064,763l., in 1858. The next best source of supply was the United States, which sent 7,909,342l., last year, and 4,502,461l., in 1858. From the northern ports of Russia gold also came to large to the extent of 2,060,066l., last year, and 1,446,813l. in 1859; while Mexico, South America, and the West Indies contributed 1,738,700l., and 3,848,419l., respectively. France last year sent us silver to the extent of 6,365,852l., Belgium, 1,521,176l., Holland, 1,035,149l., the United States, 1,763,639l., and Mexico, South America, and the West Indies, 3,385,282l. With the exception of the last, these totals are very largely in excess of similar receipts from the same quarters in the previous year.—*London Times*.

The bark Ork, Capt. Trask, arrived at the Kendall Company's wharf on Sunday evening last, from San Francisco, via Victoria, with merchandise, etc., for this place. Having discharged her cargo, she sailed on Monday night for Henderson's Bay, where she will load with lumber for San Francisco. The Ork looks none the worse for the recent injuries she received by coming in collision with the ship Polynesian. She delivered her freight here in "good order and well conditioned."—*Olympia Pioneer*.

PACIFIC INSURANCE AGENCY

SAN FRANCISCO, August 2, 1860.

REMOVAL.

The Publication Office of the DAILY BRITISH COLONIST has been removed from Wharf street, to the new Brick Building, on Government street, second door south of the Post Office, up stairs, where all orders for Advertising, Job Work, etc., must in future be left.

Thursday Morning, August 23, 1860.

Rock Creek Mines.

By the arrival of the steamer Anderson yesterday, from Puget Sound, we learn that an intense gold excitement prevails at Seattle in respect to the Rock Creek mines. We could not learn, however, that any large amount of gold dust had been received at that point, although it was affirmed that parties were arriving every day from that quarter. Gold reports from that quarter ought to be received with a good deal of allowance, as the restless spirit of enterprise and speculation may induce our Seattle neighbors to fan the flame as much as possible. We would, therefore, recommend all who desire to reach the Similkameen country or Rock Creek mines, to take the Fort Hope route, as being much shorter. Enough reliable information, however, has been received to induce our government to urge ahead with all speed the completion of the road connecting Hope with the new diggings. Some degree of dissatisfaction even exists in mercantile circles that more vigorous efforts are not made to divert the trade from the Dalles and Puget Sound so as to pass this way via Fraser river.

An opinion has gained ground that but a small proportion of the whole quantity of merchandise introduced into Rock Creek country pays the regular duties. Whether such is well or ill founded, we are unprepared to say; but it is hoped that the vigilant attention of government will be directed that way. Whilst a reasonable laxity of the revenue laws may be excused, in order to admit provisions and mining tools into the new diggings, so that they may more speedily be prospected; still our commercial interests should not be allowed to suffer by unfair competition with our territorial neighbors.

Heretofore there has been too much cause for complaint in British Columbia, on the ground of duties and taxes being too heavy and too closely collected. We are inclined, therefore, to the opinion that the collector on the frontier has been instructed to look pretty sharply after the traders. There is one way, and but one way, to keep the bulk of trade within our own territory; that is, a good road. Make that, and we need not fear competition, for time and distance will be in our favor.

Mechanics.

We have received a communication from a "Mechanic" complaining that orders have been sent to San Francisco for Iron Fronts, when there is a foundry here—Messrs. Dougall & Sons—that can turn out as good work, if not better, than can be imported. We entirely concur with "Mechanic" in the propriety of fostering our own industry by every possible means in our power, even at a little extra expense. No class of men benefit society more in this "iron age" than foundrymen, machinists, boiler-makers, engineers, etc. We presume the principal reason, however, for sending orders to San Francisco has been that parties hitherto have been better able to obtain store fronts more quickly and cheaply than they could be made here. It is but natural, particularly for merchants, to purchase in the cheapest market and sell in the dearest. From the statements, however, of our correspondent, it would appear that the time has come when our own foundries and boiler-makers are able to fill any order in their line at as low a rate, and in as good a style as our San Francisco neighbors. Before ordering below it is certainly advisable to inquire here, whether the work cannot be done as quickly, as cheaply, and on as advantageous terms, as elsewhere. Population is what we want in order to make Victoria the emporium of the North Pacific. The gigantic strides already made within two years, and being now made, bid us hope, that in a few years there will be such a centralization of skill, enterprise, and capital as will enable us to successfully compete with our older, more populous, and wealthy neighbor, within the Golden Gate; and by that means become a distributing point for Washington Territory and British Columbia.

The Olympia papers says that the Port Townsend Register will shortly appear under new auspices.

SECRET DEBATES.—Franklin—not the great electrician and patriot—but Franklin, the author of the Currency Bill, electrified the Assembly on Monday, by expressing his displeasure at the secret deliberations of the Council. We heartily sympathize with him. As it would be very agreeable to know who refused to swallow the Currency bill, and what stomach was prepared to take it in *wholus bolus*. Our humble opinion is, that if sent to the Council as introduced to the House, any alteration in its condition would be an improvement. It could not be any worse. Instead of a finality bill, it appeared to be only the commencement of the beginning of a decimal currency. Finality is what we want, and what we must have on that subject. But what we should like to see Mr. Franklin do, is to tear the cloak of secrecy off the Council debates. Only do that, and as a legislator he would throw more light on legislation in this colony, than the sum total of his public career put together.

WON'T PAY THE REWARD.—Some weeks since, Attorney-General Cary came out with a flaming advertisement in the *Gazette*, offering five pounds reward to any person who might give such information as would lead to the arrest and conviction of an Indian whisky-seller. The police were on the *qui vive* to earn the reward, and within a few days made some very important arrests of persons engaged in the illegal traffic. The parties were tried and convicted of the offence before Judge Pemberton, and the policemen applied to the Attorney-General for the five pounds. That official, however, delayed the payment of the reward for some time, and finally tells the duped officers that he hasn't time to attend to such matters. The policemen now give up all hopes of ever being paid for their services; and as the pursuit of the whisky-sellers was attended with considerable expense, which had to be borne by their own private pockets, very justly complain that they have been badly used.

DIRTY WATER.—Amelia Copperman, residing on Johnson street, had Carlo Bosse, who keeps a store near her residence, arrested for throwing a basin of dirty water in her face. The case came up in the Police Court yesterday. Able counsel appeared on either side, and from the evidence, it appears that it was one of those quarrels that will occasionally arise between near neighbors. A squaw stole some pocket handkerchiefs from the fair complainant, and latter went into Bosse's store and searched all the squaws there, but without recovering her property. An altercation then ensued between complainant and Bosse, and the latter, as Mrs. Copperman says, deluged her with dirty water. The Police Judge fined Bosse £1.

SALT SPRING.—The latest news from this settlement states that it is progressing rapidly in all the elements of prosperity. Nearly, or quite seventy settlers, reside on the island. The crops look well. The chief cause of anxiety in that quarter is a feeling of apprehension that the Northern Indians may commit some depredations on their return to their northern homes. But there is little danger of this, as one of H. M. gun-boats will cruise around and watch the stealthy movements of the natives.

A GREAT LOSS.—The editor of the *Steilacoom Herald* mourns the untimely death of his eldest son, a lad of 13 years. The deceased is said to have been industrious and very intelligent, and was a great assistance to his father in the conduct of the journal.

ESQUIMALT.—Considerable improvement is visible in all directions in the vicinity of Esquimalt. Several new buildings, for stores and residences, are going up, and the population of the town is rapidly increasing.

H. M. S. Ganges will shortly leave for England, via Valparaiso. The Terma-gant will leave for San Francisco in a few days, in order to undergo a thorough repairing.

ESCAPED.—Simmons, confined in the Olympia jail on a charge of having murdered a man named Bullard, in Chehalis county, four months ago, has made his escape from jail.

REPORTED SAFE.—Jackson and Fox, reported as having been murdered between Port Ludlow and Port Townsend, are now said to be safe at one of the towns on the Sound.

MAJOR DOWNIE.—This veteran explorer with his party of three, arrived yesterday from the North West Coast hale and hearty. The Major brings several specimens of plumbago, copper, and silver ore.

WIFE BEATING.—Richard W. Parsons residing on McKenzie's road, was arrested yesterday on a charge of having kicked his wife Ann on the side, the day before. The case will be heard to-day.

ESQUIMALT BRIDGES.—Mr. H. E. Wilby, Esquimalt expressman reports the bridges between Victoria and Esquimalt as in a very bad condition. Near Bishop De Mer's garden, the bridge is worse than useless, serving only, by reason of the numerous holes in the planks as a trap for horses' legs. The second bridge from Victoria will be impassable in a few days if some repairs are not immediately made; and the condition of the bridge from the foot of Johnson street to the Songish village is well known to all. Something must be done for their speedy repair, or we very much fear that we shall have a local item, in the shape of a terrible casualty, to record ere long.

DEFAULTING JURORS.—The names of all parties who failed to appear as jurors when summoned by Coroner Dickson, on Tuesday last, have been returned to the Court of Assizes as defaulters, and will be fined at the discretion of the Chief Justice. There are about twelve in all who failed to appear. It is as well for the country to be acquainted with this fact, in order that they may in future save their fines by answering the Coroner's summons.

AUCTION SALE.—J. A. McCrea will sell at auction this morning, at 11 o'clock, a quantity of flour and general groceries.

The mail steamer is looked for this morning.

Arrival of the Wilson G. Hunt

Cheering Mining News!
GREAT RUSH TO ROCK CREEK!

The steamer Wilson G. Hunt arrived from Fraser River at seven o'clock last evening. She brought about 20 passengers and \$26,000 in gold dust, of which Jeffery & Co.'s Express had \$6,000, Ballou's Express, \$10,000, and private hands \$10,000.

The news is of the most encouraging character. Large parties are out prospecting in the vicinity of Fort Hope for silver leads. One of these companies have struck a rich deposit of coal in the mountains, about a mile above Hope. It is said to be of a superior quality.

A capitalist from Victoria has purchased a large portion of the Greenwood Lead, and intends working it on a scientific system.

Everybody on the river seems well pleased with the encouraging prospects before them of a prosperous autumn for business.

The rush to Rock Creek has just commenced via the river. Every day boats filled with miners from between the cañons are arriving at Hope. The occupants remain just long enough to purchase an outfit and start off for the Similkameen.

The richest kind of diggings are reported on the head waters of the Similkameen. A colored miner writes to a friend a short distance above Hope, advising him to leave for the diggings at once; and says he has "struck a splendid bench which will pay big."

About two weeks since, Capt. W. H. Gray and E. Bullen, both old and respected residents of Fort Hope, started out on their way to the Similkameen. When four days travel from Fort Hope, they prospected some ground, and struck twenty cents to the pan! They afterwards tried a rocker and washed out twenty-four dollars in two hours! They immediately sent a letter in to Hope for provisions, and report the diggings extensive. Some of this gold came down on the Hunt last evening. It is in coarse flakes, about the size of a musk-melon seed.

Twelve miles of diggings, prospecting from seven cents to one dollar to the pan, are reported on Kettle Creek, which heads near Rock Creek.

The greatest excitement exists all along the river and throughout Oregon, and the rush for Similkameen is described to us as "tremendous."

One hundred and fifty men arrived at Rock Creek from the Dalles on the 1st of August.

Full confidence is placed in the reports brought to Fort Hope, and that place is almost bare of goods.

Great complaint is made that the bulk of the provisions is brought from the American side without any duties being paid, and loud calls are being made upon the government to remedy the evil.

The Indian Piracy Case.

Mr. James G. Swan, writing from Port Townsend to the Olympia Pioneer and Democrat, gives an account of the manner in which the schooners Blue Wing and Ellen Maria were destroyed, with all on board, eighteen months ago, by Hydah Indians:

Both the mission of the District Attorney and of the U. S. special marshal to Victoria, have been unsuccessful in obtaining the Indians; but have, at least, been effective in bringing out more evidence in relation to the affair, that fixes the guilt upon parties belonging to the Hydah tribe, who are still residing in Victoria. It does not appear that the Indians attempt to conceal the fact; on the contrary, I am informed that "Jim," who appears to have been the principal offender, asked my informant—"if the Bostons were very angry about the schooner affair?" He stated that he was not afraid, for he had a hundred dollars, and if he was put into jail, he could pay his hundred dollars to the King George people, and they would not let the Bostons hurt him. Other Indians in Victoria state that the canoe which attacked the schooners had ten men and five squaws in it; that after they had destroyed the Blue Wing, they attacked the Ellen Maria on the evening of the same day. It was calm, and Captain McHuie had to come to anchor. When they first attempted to board the schooner, Captain McHuie ordered them off, but on their persisting, he fired and killed Jim's brother. He then fired and wounded an old chief, who was of the party, so badly that he has never yet recovered from the effects of the wound, and is now sick at home. The Indians then left, but at night returned, murdered all hands and burned the schooner. When asked what became of the women and two children, they denied seeing any, but said that all were men; that they killed ten men in all.

There are four or five, and perhaps more, of this gang even now at Victoria. A great interest has been felt among the American residents, and new evidence comes out every day. Last week I learned that the murderer of Judge Bean, a well known citizen, formerly of this place, who was found with his throat cut on Bainbridge Island, some fourteen months since, and was afterwards buried, I think, at Port Madison, is still in Victoria. He is a Tongass Indian, and the father of a well-known squaw, known in Victoria as "Kate," or "Big Katy."

House of Assembly.

WEDNESDAY, August 22, 1860.

The House met at half-past three o'clock, P. M. Present—Speaker Helmcken, and Messrs. Waddington, McDonald, Franklin, Cary, Gordon, Crease, Green, Foster, Southgate and Tolmie.

Mr. Cary called up his motion for evening sessions of the House on Tuesday and Friday evenings.

Mr. Foster believed the country members would not always be able to attend on such evenings, and would thus be prevented from taking part in debates on certain bills.

Mr. Crease was not in favor of regular evenings being set apart for the session; they should be arranged by resolution specifically.

Mr. Waddington said the time during the day sessions was often taken up by lessons in grammar, etc., when business should be attended to instead.

Mr. Crease offered an amendment that the House sit at half-past seven o'clock in the evening, on Tuesdays and Fridays, for one month from this date.

Mr. Waddington said he would suffer considerably by the arrangement.

Mr. Crease's amendment was adopted.

Mr. Cary introduced a bill for the registration of title deeds in the colony.

Mr. Crease was happy to second the bill. It would prove a great assistance and do away with much difficulty at present felt in the transfer of real estate.

Mr. Waddington said it was a very strange affair to bring in a bill of the size of this one just about the time when we have occasion to believe the House will be prorogued shortly. We have no printing, and we cannot tell anything about bills before they are brought up for a third reading.

Mr. Franklin wished to see the bill printed—it was one of the utmost importance.

The Speaker said he intended to get the bill printed.

The bill was passed to a second reading.

Mr. Waddington's bill for the yearly registration of voters was read a second time and referred to a Committee of the Whole.

The bill for the raising a loan of £10,000 for the improvement of Victoria Harbor and the Esquimalt Road, was taken up for second reading.

Mr. Crease would ask how the sums have to be divided to be applied to the two objects—how much would be given to each? It did not appear by the bill, and he should propose the amount to be appropriated for each purpose when the bill came up in committee of the whole.

The bill passed to a Committee of the Whole.

VICTORIA STREET FUND BILL.

House went into committee on the Victoria Street Fund Bill, Mr. Waddington in the chair.

Mr. Franklin offered an amendment to the bill, that the clause providing for the "completion of the first seven streets before the balance of the work be commenced," be altered so as to read "the first six streets." Carried.

Mr. Foster wished to know if the system of tearing a bill to pieces after it had been once passed through a committee of the whole House, was not irregular?

The Chairman said the bill had been laid over with the understanding that it was to be amended technically only; but he was of opinion that altering the spirit of the bill was not a correct mode of procedure.

Mr. Franklin said there was one point to which he wished to call attention: The Treasurer, by this bill, is made the custodian of the money. He is without a clerk, and the work will be too much for him. He proposed to offer an amendment.

Mr. Foster protested in strong terms against the system attempted of altering this bill, which had once passed the House. There is no security for work done by a full House, if a few members can meet together again and tear the work to pieces.

The Chairman said the alterations should be only technical. That was agreed at the last session, when the committee asked permission to sit again on the bill.

Mr. Crease also protested against the system proposed by Mr. Franklin; and while that gentleman was preparing his amendment, the committee rose and reported the bill complete, and the House adjourned to Thursday, at 3 o'clock, P. M.

BIRTH.

On Tuesday, the 21st inst., at the Parsonage, the wife of the Rev. E. CRIDDE, of a daughter.

Dyspepsia, Fever and Ague, In-

digestion, Sour Stomach, Heart Burn, Water Brash, Biliousness, Liver Complaint, Acidity, Flatulency, Jaundice, Change of Climate, Sick Headache, Loss of Appetite, Female Complaints, Depression after Eating, and General Debility are rapidly, effectually and surely cured by the **OXYGENATED BITTERS.**

CALIFORNIA EVIDENCE.
Mokelumne Hill, Cal., June 16th, 1858.

Having suffered for fifteen years with Dyspepsia, in its worst form, and having consulted with the best physicians, and tried everything recommended with-out relief, I was induced to try the Oxygenated Bitters, and before I had taken one bottle I found myself much better, and continued taking them until I was entirely cured, and now enjoy as good health as I ever did in my life. I take pleasure in recommending them to all who are similarly afflicted.

JAS. LANGSHORE.

The "Oxygenated Bitters" are sold in California by Henry Johnson & Co., Redington & Co., and Chas. Morrill, San Francisco; R. H. McDonald & Co., Sacramento; Rice & Coffin, Marysville; Smith & Davis, Portland, Oregon.

FOR SALE—TO LET.

A Good Opening for a Steady Industrious PERSON

With a Small Capital.

TO LEASE.

THE LUMBER MILL IN PROCESS OF

erection at Spring Vale, in the Salt Lagoon, near Esquimalt Harbor. It will be fitted with Miller Saw and Circular Edger, and such other machinery as may be considered advisable. The water-power for driving the machinery (which is constant) is equivalent during the dry season to twenty-horse power, and which, during the winter and spring months, may be increased to forty or fifty-horse power.

There is plenty of the finest Cedar and Fine Lumber on the Land, suitable for spars for Shipping, or other purposes; and the proprietor will undertake to deliver the Sawed Lumber in any quantity and size as may be required, and at the same rate as is paid for Saw Logs by the Lumber Mills in Puget Sound.

The site of the Mill is within a short distance by water from Victoria, and well situated for easily delivering the Sawed Lumber at a low rate for delivery in Esquimalt or Victoria Harbors, or into wagons for delivery (by a good road) in the neighboring country district.

For further particulars, inquire at the office of Leopold Lowenberg, Real Estate Agent, No 29 Government street, opposite the Fort.

— ALSO —

To Lease for a term of years, eligible Building Lots, situated in Baynes street, in the Town of Esquimalt. Terms moderate. Inquire as above. Jy28

TO BUILDERS,

AND GENTLEMEN WISHING TO SE-

curer eligible sites for Villas, etc., in a fashionable quarter, within five minutes' walk of the centre of the Town, a large number of well situated Lots, 120 x 90, fronting on Cook street, about half way between the residences of Messrs. Wood and Anderson, and offered on Lease, for ten years and upwards, on very moderate terms.

Fronting Church Hill, and the Public Park, the view from them is beautiful.

The soil is rich, and well adapted for Garden ground, and the access to them, even in mid winter, perfectly dry.

For particulars apply to

JOHN COCHRANE,
Land Agent,
Government street, next Post Office, Victoria, V. I.

CHOOSING HUSBANDS.—When a girl marries, why do people talk of her choice? In ninety-nine cases out of a hundred has she any choice? Does not the man, probably the last she would have chosen, select her? A lady writer says:

"I have been married many years; the match was considered a very good one, suitable in every respect—age, position and fortune. Every one said 'I had made a good choice. I loved my husband when I married him, because he had, by unwearied assiduity succeeded in gaining my affection; but had chosen been my privilege, I certainly should not have chosen him.—As I look at him in his easy chair, sleeping before the fire, a huge dog at his feet, a pipe peering out of one of the many pockets of his shooting coat, I cannot but think how different he is from what I would have choosed. My first penchant was for a fashionable clergyman—he was a flatterer, and cared but little for me, though I have not yet forgotten the pang of his desertion. My next was a barrister—a young man of immense talent, smooth, in-inuating manners; but, he, too, after walking, dancing, and flirting, left me. Either of these would have been my choice, had I so chosen; but my present husband chose me, and therefore I married him; and this, I cannot help thinking, must be the way with half the married folks of my acquaintance."

BLASPHEMY AND SUDDEN DEATH.—The Fort Madison (Iowa) *Plainsdealer* of the 18th, reports a somewhat extraordinary case of blasphemy and sudden death, that occurred near Farmington, Van Buren county, a few days previous. A farmer, living there, while talking to a neighbor about the dry weather, began an outburst of the most terrible blasphemy, using the vilest epithets towards the Almighty, and the Saviour, because he did not send rain. The man was going on in frightful language, when all at once his jaws became palsied, his tongue became powerless, his voice ceased, and he fell on the earth a corpse.

DRUGS & MEDICINES.

DR. ADOLPHUS'
ANTI-RHEUMATIC CORDIAL
—AND—
Health Restorative
IS THE MOST VALUABLE AND UN-
surpassed remedy for Rheumatism and Gout to
be found in the world, or known at present. It
discovered of the above medicine does claim its in-
fallibility in all cases of Rheumatism and Gout—when
used according to direction—and does offer a reward
of five thousand dollars to any medicine that does
supercede it, and is entirely vegetable. The Doctor
does not offer the above reward on account of his
having used the above medicine for ten years in his
practice, and has never known it to fail in the cure
of the most protracted cases of Rheumatism and Gout,
and withstood all known remedies to the profession.
Doctor Adolphus is known and right celebrated
throughout the State, for his cures in Rheumatism,
Gout and Chronic Diseases, and has only to the con-
tinued urgent efforts of his patients, and through the
desire to help them who are not enabled to see him
personally, or to spend a fortune to get rid of the dis-
ease, which they have contracted in the pursuit of
their daily calling; only this has been able to per-
suade the Doctor to give the above medicine to the
public, and at such terms that every suffering one
should be able to reap its benefits.
The Health Restorative is known at present in a The
mineral wealth and riches of California; and is
creating a revolution in the whole treatment of dis-
ease throughout the world.
In secondary and tertiary Syphilis, Scrofula, En-
largement of the Glands, Dropsy, and all Nervous
and Cutaneous Diseases, and the whole train of Chro-
nic Diseases, which withstand and baffle the skill of
the most excellent and learned physician in the
world; in Chronic Diseases whose very name is a
terror as well to the physician as to the patient, this
medicine has proved to be superior to all in exist-
ence, and has cured in so short a time that they ap-
peared like being abolished by magic influence, and
in fact a few more such discoveries, and druggists
will not need to keep a lot of useless medicines on
hand, whenever they have lost through time their prop-
erties in their value did reside, if there was actually any
in them.
Take this medicine when your digestive organs are
disordered and your blood is impure, it will surely
act on your blood.
Take this medicine when you have a cold, and it
will make you perspire freely.
Take this medicine when your urinary and absorb-
ing organs are disordered, and it will act on your
kidneys—it penetrates every part of your body,
it restores healthy action and gives tone to every
organ in the human body—therefore it has rightfully
deserved the name it bears: HEALTH RESTOR-
ATIVE.
The Doctor, who is averse to all patent medicines,
wishes it to be understood that the above medicine
is no such thing; but that he has, through the intro-
duction of this medicine with its treatise and directions
for use, made every sufferer to be his own physician
in the above named diseases.
Thinking it under my dignity to follow the mode
of quacks, by appending certificates of physicians or
private persons, which is too well known can be had
for certain remunerations, applications of friends, or
by the mode of boring, and half to death for even
the most worthless trash, I will therefore leave it to
those in want of medicine to inquire personally of
men who have been cured by my medicines of the
above diseases, and who can be found in almost every
city and village throughout the State. I consider
my personal conviction far superior to certificates of
persons that are far from being known to them in
want of medical aid.
But should any one care for written testimonials
or certificates regarding the cures performed by this
medicine, they might call at my office, and I will
show them certificates of true merit, which have been
sent to me voluntarily, without applying for them,
or by boring individuals to get them.
To satisfy the most scrupulous of men, also as a
guarantee to those that have not applied personally, I
have added to every bottle of the Anti-Rheumatic
Cordial, the certificate, under oath, of one of the most
celebrated analytical chemists in the United States,
in that there are no minerals nor poisons contained in
this medicine, and that it is a very powerful medicine,
and has a very strong action on the human sys-
tem, which it necessarily must have, to overcome the
action of disease of such malignant character.
For sale by
ADOLPHUS & JUNGEMAN,
46 Montgomery street, three doors from Bush.
LANGLEY BROS., Wholesale and Retail Druggists,
Victoria, Agents for Vancouver Island and
British Columbia.

DR. ROSENBAUM'S
CELEBRATED
STOMACH BITTERS
IS THE BEST REMEDY ever yet manufactured for
the cure of all Diseases, caused by a disordered
state of the Stomach and Bowels.
Dyspepsia,
Indigestion,
Constipation,
Fever and Ague.
And other similar maladies, yield at once to the
beneficial influence of this excellent Medicine. Try them.
Test them on your Constitution, and go on your way
rejoicing.

CAUTION.
Owing to the unexplained demand for these Bitters,
some unprincipled parties have endeavored to con-
fess them. The genuine ROSENBAUM have the
name of N. B. JACOBS & CO. branded on each cork,
and their signature on each label. Beware also of a
worthless article, called ROSENBAUM'S Bitters, put up
in this city. Its external appearance is very much
like the true Rosenbaum, but it is useless and in-
jurious. Beware of cheap imitations. Buy the medi-
cine, and has only been set up to prey on the reputa-
tion attained by Rosenbaum's Bitters. For sale
everywhere.
N. B. JACOBS & CO.,
corner Sanson and Commercial sts.,
San Francisco.

MOSES'
HAIR INVIGORATOR.
TO PREVENT BALDNESS, RESTORE
Hair that has fallen off or become thin, and to
cure effectually Scurf or Dandruff.
Prepared only by
W. D. MOSES.
FOR THE TOILET.
This Invigorator is most particularly for Ladies
after illness, to be used with the Oil prepared by the
proprietor. First saturate the hair with the Invigor-
ator; then with a hair-brush; then oil. It will
also relieve the headache, and give the hair a darker
glossy color, and the free use of it will keep both the
skin and hair in a healthy state.
Ladies will find the Invigorator a great addition to
the toilet, both in consideration of its delicate and
agreeable perfume and the great facility it affords in
dressing the hair, which, when moist with it, can be
dressed in any required form so as to preserve its
place, whether plain or in curls. When used on chil-
dren's heads, it lays the foundation for a good head
of hair.
Prepared only by W. D. Moses, Government street,
Victoria, V. I., opposite the Post office.

Hall's Sarsaparilla, Yellow Dock
and Lode of Purgative, prepared from the finest root
of Sarsaparilla and English Lode of Potass—
admirable as a restorative, and purifier of the blood,
it cleanses the system of all morbid and impure mat-
ter—removes pimples, boils and eruptions from the
skin—cures rheumatism and pains of all kinds. All
who can afford to use it, as it tends to give them
strength and prolong life.
Sold by Druggists generally at \$1 per bottle.
R. HALL & CO., Proprietors,
Wholesale Druggists, 143 and 145 Clay street,

Who would be Bald or Grey!—
Over ten thousand grey heads have been restored to
their original color within the last year, by the use
of FISH'S ESALABLE HAIR RESTORATIVE. Magic-
like, it arrests the threatened baldness, returns the
dark brilliant hue, to the grey-headed, and restores
the hair to a fine glossy and healthy appearance;
thus acting in strict compliance with the first and
greatest of all toilet-requisites, the preservation of
the hair.

ROYAL OAK HOTEL,
ESQUIMALT,
DAVIES & HOWARD, Proprietors.

LUNCHES.
Served in the best style, may be had at any hour.

LODGINGS.
The Private Rooms are well aired, and are well
furnished with good beds and suitable bedroom fur-
niture, and cannot be surpassed in the colony. The
Navy and the travelling public desirous of waiting
for the arrival and departure of the Steamers, may
always be certain of finding good lodgings at the
Royal Oak Hotel.

BILLIARDS.
There is a Private and Public Billiard Saloon in
connection with the Establishment.
BAGATELLE BOARD.
Also, an excellent Bagatelle Board for the amuse-
ment of their customers.

BOWLING SALOON.
The bowling Saloon surpasses any on the Pacific
Coast. It comprises FOUR ALLEYS, and is sup-
plied with seats; is finished in the best style, and the
Alleys are as near perfect as possible.

BARBER'S SHOP.
Attached to the Hotel is a Barber's Shop, with
every convenience.

STABLE.
A large Stable capable of accommodating twenty
horses, is conveniently situated at the rear of the
Hotel. Horsemen visiting Esquimalt may therefore
be always certain of finding a safe Stable for their
horses, FREE OF EXPENSE.

LADIES' PARLOR.
A spacious and well furnished Private Parlor is
also kept for the accommodation of Ladies and Fam-
lies visiting Esquimalt.

BAR.
The Bar of the Royal Oak Hotel cannot be sur-
passed by any in the colony for the excellence and
variety of its Wines, Brandies, Spirits, Ale, Porter,
Cordials, &c. Its reputation is too well known to
require further comment.

ROYAL OAK HOTEL PIER.
In the rear of the Hotel there is a Pier, at which
passengers may land and boats safely moored.
Esquimalt, August 4, 1860.
